

Would You Sacrifice 5 Minutes To Get Paid Forever?

Still waiting to get your piece of Amazon's **multi-billion** dollar pie?

Maybe you've tried before and it's just fallen flat - apparently everyone else can make mad money EXCEPT you?

[InstaGenius](#) plugin is rewriting that story for hundreds of people using a technique so smart you've got to see it for yourself.

They've just launched - and wow, **it's a very impressive plugin!**

This lightweight plugin takes care of:

- An email subscribe bribe/incentive
- Creation of your email content (automated)
- Product offerings and sales completely done for you

This isn't science fiction- this plugin actually exists.

Instagenius is a one of a kind WordPress plugin that will attract new email subscribers, generate and send personalized email content, AND continually generate passive income via Amazon affiliate commissions.

Go and check it out now - but yeah, **be quick**. Another price jump is on it's way!
